Selection Criteria

The Humane Officer of the Year Award recognizes outstanding service by a trained humane officer, over and above what is required as part of that officer's normal duties and functions. It is up to you to tell us why an officer is special. The judging panel will assess your nomination against one or more of the four criteria.

REMEMBER...The officer may not excel in every single criterion, but the sum total of their performance is the important thing.

Your comments should include a detailed description of the events or acts that led to the nomination. If available, please attach a photograph of the nominee. **You may attach up to 2 additional pages if required.**

1. The officer demonstrated excellence in a particular task or incident.

2. The officer acted in a compassionate or humane way toward an animal or animals in need.

3. The officer showed absolute devotion to his or her role as a humane officer.

4. The officer raised the public's perception of, or confidence in, humane officers.
